State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, March 29, at the University of Kansas Medical Center, 1010 N. Kansas, second floor, Wichita, to consider the adoption of proposed permanent regulations for the conservation of crude oil and natural gas.

The 30-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. Comments may be submitted to John McCannon, Assistant General Counsel, State Corporation Commission, 200 Colorado Derby Building, 202 W. 1st, Wichita 67202.

Copies of the proposed regulations and the economic impact statements may be obtained at the Wichita address. Persons requesting a copy of the proposed regulations and economic impact statements, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction. All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations.

All written or oral comments submitted by interested parties on or before March 29 will be considered by the commission as a basis for making changes to these proposed permanent regulations.

The following is a brief summary of the proposed regulations and economic impact statement:

K.A.R. 82-3-107. This amendment adds the following items to the list of information that must be furnished to the Conservation Division within 120 days of the spud date or date of commencement of recom-

pletion: final drill stem data elements, recoveries and charts, and geological well reports.

Economic Impact: Economic impact to both the agency and industry will be minimal.

K.A.R. 82-3-123. The amendment deletes the requirement that the total production potential of a well be less than the allowable for a single common source of supply before commingling is permitted, conforms this regulation with amendments made to K.A.R. 82-3-203, and adds the API gravity of the oil from each commingled source of supply to the items that must be furnished with the application.

Economic Impact: Economic impact to both the

agency and industry will be minimal.

K.A.R. 82-3-138. The amendment eliminates the discovery allowable for new pools. This was eliminated because of the increase in the regular oil allowables contained in amendments to K.A.R. 82-3-203.

Economic Impact: This amendment, coupled with the amendment to K.A.R. 82-3-203, will have the net effect of having a positive economic impact on industry. In addition, there will be a slight benefit to the agency and industry by a reduction in paperwork.

K.A.R. 82-3-200. The amendment adds a new section concerning oil market demand. This section was formerly part of K.A.R. 82-3-203 and was removed by amendments to that regulation.

Economic Impact: There is no economic impact to either the agency or industry associated with this amendment.

K.A.R. 82-3-203. The amendment increases the depth factor allowables for oil wells in nonprorated oil pools. In addition, the amendment provides for assigning a daily oil allowable, for commingled wells, equal to the sum of the depth factor allowable established for single completion wells or the sum of the individual zone capacity, whichever is less.

Economic Impact: This amendment will have a positive impact on industry by allowing increased daily production from wells that are limited by the current daily allowables. There is no economic impact on the agency.

K.A.R. 82-3-604. The amendment requires an operator to notify the appropriate district office within 24 hours of the discovery of any oilfield-related discharge into an emergency pit. The amendment also adds the failure to report such a discharge to the penalty section of the regulation.

Économic Impact: The economic impact of this amendment will be minimal to both industry and the agency.

K.A.R. 82-3-605. The amendment clarifies that only an oilfield-related discharge into a diked area must be reported to the appropriate district office. The amendment also adds the failure to report such a discharge to the penalty section of the regulation.

Economic Impact: The economic impact of this amendment will be minimal to both industry and the

agency.

The Kansas Department of Social and Rehabilitation Services' policy regarding who is qualified to provide a hearing exam is of general application and interprets federal and state legislation. The policy is, for these reasons, subject to the filing act at K.S.A. 1993 Supp. 77-415 et seq., and in order to be effective must be filed and published accordingly. Crimes and Punishments—Identification and Detection of Crimes and Criminals; Criminal Identification—Fingerprinting of Suspects Charged With Certain Municipal Ordinance Violations. Thomas L. Toepfer, Hays City Prosecutor, Hays, February 7, 1994.

Law enforcement authorities are not required to obtain fingerprints from a person who is given a notice to appear for a municipal ordinance violation which would be the equivalent of a class A or B misdemeanor under state law. However, at that person's first court appearance or at some point before final disposition of the matter, it is the court's responsibility to ensure that fingerprints have been secured. mental Subdivisions, Units and Entities; Repurchase Agreements. William Jeter, Ellis County Counselor, Hays, February 7, 1994.

K.S.A. 1993 Supp. 12-1675 requires that the securities underlying a repurchase agreement involving a municipality must be delivered to the municipality and be perfected in the name of the municipality. This in turn results in a governmental accounting standards board risk rating of catgegory 1 for financial reporting purposes. Hold-in-custody repurchase agreements or any other variety that does not include the delivery of the security to the municipality are held to be invalid under K.S.A. 1993 Supp. 12-1675. Personal and Real Property—Real Estate Brokers and Salespersons—Prohibited Acts; Offering or Giving Prizes, Gifts or Gratuities. Jean Duncan, Administrative Officer, Real Estate Commission, Topeka, February 10, 1994.

A real estate broker is prohibited from offering or giving any type of gift or gratuity which is contingent upon an agency agreement or the sale, purchase or lease of real estate. The terms "gift" and "gratuity" refer to anything of value, whether an object or a service, other than a real estate broker's service as a broker. In order for a particular service to be considered a real estate broker service, a reasonable nexus must exist between the particular service and one or more of the primary real estate broker activities specified in K.S.A. 1993 Supp. 58-3035(f). Taxation—Income Tax—Definitions; Modified Kansas Source Income; Effect of Registering to Vote. John Wine, General Counsel, Secretary of State's Office, Topeka, February 11, 1994.

The fact that a person residing in a federal enclave has registered to vote in the state of Kansas is prima facie evidence that the person has changed his domicile or residence to the state of Kansas. A person who is a domiciliary or resident of the state of Kansas is subject to taxation by the state of Kansas on compensation for military service.
